

SYED RAYYAN ALI

CERTIFICATION

Certified in Front End Development three months Course (Html 5, Css 3, Java Script) from YESDP Institute of Courses.

FRONT END DEVELOPER

I am a qualified and professional web developer with two years of experience in website design. Strong creative and analytical skills. Team player with an eye for detail.

SUMMARY

- Seasoned Front End Developer adept at crafting robust and user-friendly web applications using HTML, CSS, and JavaScript.
- Proficient in leveraging modern front end frameworks such as React.js and Vue.js to build dynamic and interactive interfaces, enhancing user experience and engagement.
- Skilled in optimizing website performance through efficient coding practices, including code minification, lazy loading, and image optimization, resulting in improved load times and user retention.
- Experienced in collaborating with cross-functional teams, including backend developers and project managers, to integrate front end components with server-side logic and ensure seamless functionality.
- Strong problem-solving skills with a keen eye for detail, consistently delivering clean and maintainable code while adhering to project timelines and requirements.
- Continuously staying abreast of emerging front end technologies and best practices through self-learning initiatives and active participation in developer communities and online forums
